

RANIM MEHATLA

DATA ANALYST | DATA SCIENTIST | BUSINESS INTELLIGENCE ANALYST

+213556220187 | ranimmehatla54@gmail.com | <https://github.com/MehatlaRanim>

ABOUT

Holder of a Master's degree in Data Engineering, I combine expertise in Data Science and Data Analytics to transform data into actionable insights. Specialized in data cleaning, analysis, visualization, and modeling, I use advanced techniques and AI-based solutions to solve complex problems and optimize business processes. Passionate about emerging technologies and committed to continuous learning, my goal is to help companies maximize the value of their data by providing accurate analyses and actionable recommendations.
